<table border = "1px solid">

<thead>

<tr>

<th> Name </th>

<th> Course </th>

<th> Semester </th>

</tr>

</thead>

<tr ng-repeat = "student in students">

<td> {{ student.name }} </td>

<td> {{ student.course }} </td>

<td> {{ student.semester }} </td>

</tr>

</table>

</div>

</body> </html>

Shivani Sen

Collections.js -

```
var myApp = angular.module('myModule', []);  
myApp.controller('myController', function($scope){
```

```
    var students = [
```

```
        {name: 'A', course: 'mca', semester: '1'},
```

```
        {name: 'B', course: 'bca', semester: '2'},
```

```
        {name: 'C', course: 'mba', semester: '3'},
```

```
        {name: 'D', course: 'bse', semester: '4'}]
```

```
};
```

```
$scope.students = students;
```

```
});
```
